Secondary School Netball Information

HELLO FROM ENGLAND NETBALL

We understand at England Netball that school sport should include high-quality physical education as part of the curriculum and provide plenty of competitive opportunities and activities designed to meet the needs of all your young people. We believe that netball is a fantastic school sport, it is a fast, skilful, team game based on running, jumping, throwing and catching. We hope to support schools to use our great game to raise standards, pupils' achievement and attainment. Read on to find out how netball can be used in your school.

We want to help schools to deliver quality curricular, extra-curricular and competitive netball opportunities for all pupils who love netball. We aim to support the links between our clubs, leagues and schools to ensure pupils can continue their netball participation into a community setting. We have workshops and resources available for schools and have a team of dedicated netball officers across the country ensuring opportunities are available for schools.

INTRODUCTION TO NETBALL

MY SKILLS

JOINING ENGLAND NETBALL

There are lots of reasons why your school can benefit from being a member of England Netball;

- England Netball's Netball Magazine four times a year, Digimags, as well as a monthly HTML newsletter – containing news, offers, competitions, giveaways, tips and ideas 10% off the I Heart Netball Shop.
- A membership pack including posters and stickers to help you get netball going in your school.
- Termly secondary schools Newsletters full of information for teachers and things for your pupils, such as word searches, quizzes, meet the player and competitions to win great prizes.
- Discounts on England tickets.
- Discounts on Coach Education Courses.
- School will be eligible to enter the national schools competition at area or county rounds.
- The cost for secondary school membership is £26.00, plus additional county and regional fees.

Head to www.Englandnetball.co.uk/membership/joining_England_netball for more information.

NETBALL COMPETITIONS

There are a number of competition opportunities for your school to get involved with, whether you just want to start off small and hold intra-competitions between year groups in your own school or compete against other schools. Check out the school games and the England Netball competition information below to help get you started.

ENGLAND NETBALL SCHOOLS COMPETITION

All England Netball member schools are invited to enter the National Schools competition. It is a huge competition which starts in October of each year, which begins at a county round (or an area round in larger counties) and finishes with a national champion. Every county hosts a competition for schools at U14, U16 and U19 age groups and the winners together with the runners up from each county are then invited to a regional schools competition. The winners and runners up for each age category will go on to represent their region at the National Schools Finals held in March.

To find out how your school can enter the 2015/16 competition please contact your local Netball Development Officer or visit www.EnglandNetball.co.uk/competitions/2014-15/national-schools_95 for more information

COMING SOON

England Netball will be launching a new U19 Open Competition in 2015 for schools, colleges and clubs. Look out for more details on our website soon.

COMPETITION FOR YOUR SCHOOL

The Sainsbury's School Games is a unique sporting competition designed to get more young people involved in competitive sport in school. School netball competitions are running around the country so make sure you are involved! The School Games aims to enable every school and child to participate in competitive sport. It offers opportunities for young people to compete in intra-school, inter-school and county-level competitions.

To register your school and to access the downloadable competition cards visit www.yourschoolgames.com

LEADERSHIP IN YOUR SCHOOL

We have two courses designed specifically to be delivered in schools by teachers;

1. YOUNG NETBALL ORGANISER

A 6-hour course which offers young people the opportunity to take the first step into netball coaching, officiating or administration. It prepares them to organise safe, enjoyable and purposeful Netball sessions, under the supervision of a teacher or coach.

2. YOUTH UMPIRE AWARD

This course introduces the principals of umpiring and the rules of netball and can be delivered by a teacher. It is ideal for students who want to get involved in officiating and get involved at school or officiate at the School Games.

If you have students who are volunteering either in school or the community then Pass on Your Passion is a great way for them to record what they have been doing and be recognised by England Netball with some great rewards.

PASS ON YOUR PASSION

England Netball wants to recognise your pupils' volunteering hours and the Pass on your Passion programme lets them log their hours and get loads of netball goodies as a reward! We already have 2900 young people registered.

Visit www.Englandnetball.co.uk/my-game/schools/Leadership_In_Schools section for more information

WHY NOT EXPERIENCE THE MAGIC OF DISNEY TOGETHER WITH NETBALL FOR YOUR NEXT SCHOOL TRIP?

England Netball are working in partnership with

Sport Experiences to deliver some great junior festivals including the very popular international Junior Netball Festivals in Disneyland Paris. Last year over 1400 girls played at these festivals and next year is set to be just as big if not bigger!

To find out more about these festivals visit www.sportexperiences.co.uk
